

## IFS AB

IFS AB (Industrial and Financial Systems) is a multinational enterprise software company headquartered in Sweden. It develops and delivers enterprise software for global customers that manufacture and distribute goods, maintain assets and manage service-focused operations. The company operates in three regions: The Americas, Europe and APJ&MEA.

With IFS Applications and powerful service management and mobile functionality, IFS has pioneered component-based service management and ERP software. IFS Enterprise Service Management in the meantime is a leader in field service management, mobile workforce management, reverse logistics and more. IFS Applications provides increased ERP functionality, including CRM, SCM, PLM, EOI, enterprise asset management and MRO capabilities.

# IFS Professional Services

## Designing the Future of your ERP Function

Our world-class team works with you to help you design your IFS architecture, create a thriving digital culture and unlock the power of your data. Our proven approach provides a framework for designing, building and sustaining a world-class global ERP organisation.

### Discover

We define the problem, make the case for change and create a roadmap.

### Design

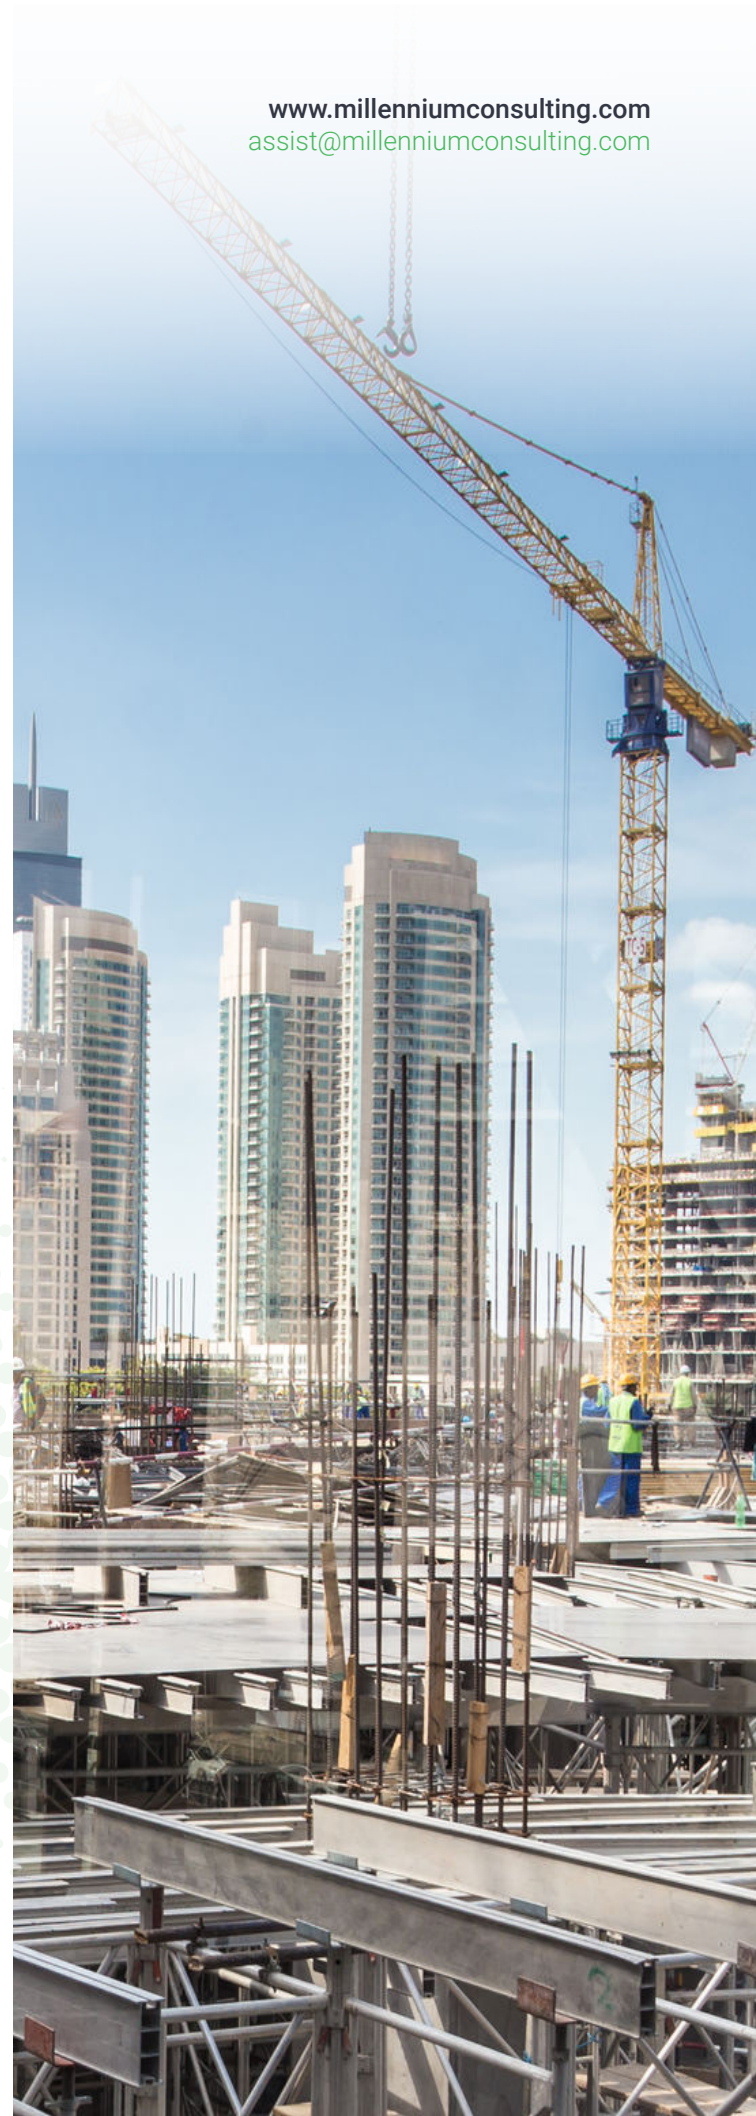

From planning and resourcing to stakeholder buy-in, we help you turn ambition into reality.

### Solve

We develop the processes and source the solutions required to meet your project needs.

### Deploy

We help you to implement new systems and solutions, from deployment to documentation.

## Why **Millennium Consulting**?
