Tailored packages to suit your Unit4 Financials by Coda needs

Millennium
Consulting

Is your team tied up with support issues?

We can help!

Millennium+ can support your system around the clock, freeing up your team to focus on core projects.

Unlock a more cost-efficient way to manage your system. Your Millennium+ package can be tailored to incorporate any number of our non-service desk offerings such as Continuous Release upgrades, environment monitoring, running year end and many more.

Our service is an extension of your team. You can rely on a dedicated team of highly responsive Financials experts available either on a permanent or ad-hoc basis, supporting you to optimise your system and resolve day-to-day system and user issues.

The benefits

Tailored to suit your needs
